

MAINE HUMAN TRAFFICKING SURVIVOR FUND

FUND PURPOSE

This fund is available to meet the immediate emotional, psychological, and physical health and safety needs of human trafficking victims/survivors when other funds are unavailable or unable to do so.[1] The Maine Coalition Against Sexual Assault (MECASA) manages this fund and is available to answer questions by phone at 207-626-0034 or by email at htfund@mecasa.org.

QUALIFYING SERVICE PROVIDER APPLICANTS

Applications can be submitted by

- sexual assault support centers.
- domestic violence resource centers.
- trafficking-specific social service agencies or programs.
- other social service programs that are connected to an anti-trafficking Multidisciplinary Team (MDT).

Law enforcement officers who encounter a person with qualifying needs should contact a service provider for help. Law enforcement officers should only apply for the funds themselves in cases where service providers are unreachable. In those cases, law enforcement should make every effort to connect the individual with ongoing services as soon as possible.

Applications must always be submitted with the consent of the victim/survivor and in response to their self-identified needs. The application asks as few identifying questions as possible to maintain anonymity for those accessing it.

If you are not an eligible provider and want to access funds, you can contact any sexual assault center at 1-800-871-7741 or any domestic violence center at 1-866-834-HELP.

RECIPIENT ELIGIBILITY

The recipient of the funds must be a victim/survivor of human trafficking in Maine. There is no requirement that the victim/survivor report the trafficking to law enforcement or that the victim/survivor be cooperating with any investigation of alleged criminal conduct. There is no dollar limit per recipient. Each recipient may access each item on the pre-approved needs list one time per year; subsequent requests may be approved by MECASA if the expenses are eligible and funding is available.

NEED ELIGIBILITY

The needs identified in the request must be connected to the individual's victimization. They must be immediate needs. If another source of funds can meet the needs of the recipient in the necessary time safely, those funds must be used first. The applying service provider must acknowledge that they have explored all other sources of funding before being approved. Qualifying needs include but are not limited to: shelter, clothes, food, and medicine. A complete list of pre-approved needs is attached, and other needs may be covered. Alcohol and cigarette purchases are prohibited.

[1] This fund is primarily supported with resources from the Office of Victims of Crime. The Victims of Crime Act (VOCA) regulations require that needs be 1) immediate, 2) related to the commission of a crime (meaning a crime has been committed), and 3) not qualified for payment under any other funds or resources, especially the Maine Victims' Compensation Fund and health insurance.

PAYMENT

STEP 1:

- Confirm that the recipient is eligible using the flow chart and application (attached here).
- Confirm that the need is eligible (on the attached pre-approved list or through approval from MECASA).
- Confirm that there is funding available by visiting mainesten.org/htfund.

STEP 2:

Service providers that meet the requirements above have three options for payment. Eligible Service Providers may access funding in the following ways:

a) Service providers may pay the costs directly for approved purchases and submit for reimbursement from MECASA.

To use this option:

- Make eligible purchase
- Send the following documents to MECASA within two weeks of purchase:
 - 1) The completed application, including one "Need Request Form" for each need requested.
 - 2) If requesting reimbursement, include photos or copies of original receipts. Payment will not be made without proof of purchase.
- MECASA will mail your reimbursement within 2 weeks of receipt of the application.

b) Service providers unable to pay the costs directly can contact any sexual assault support center (1-800-871-7741) or domestic violence resource center (1-888-834-HELP) for payment assistance. In this case, the sexual assault support center or domestic violence resource center would be responsible for completing the screening, application, and payment processing.

To use this option:

- Call a sexual assault or domestic violence program with the recipient you are working with. Tell them you want to apply for the fund and go through the application process with an advocate.

c) Service providers can request MECASA pay for needs directly to vendors. This option is only available for needs that can be paid by check or by credit card remotely. MECASA may take up to 2 weeks to process these applications. If the need must be paid for more quickly, use options 1 or 2.

To use this option:

- Send the following documents to MECASA within two weeks of purchase:
 - 1) The completed application, including one "Need Request Form" for each need requested.
 - 2) If requesting MECASA directly pay vendors, include documentation of the need and documentation that verifies the vendor.

Documentation can be sent to htfund@mecasa.org or by mail to:
